About Alkimos Plumbing and Gas

Martin, the Founder and Director of Alkimos Plumbing and Gas, is originally from Scotland and moved to Australia in 2007. He established Alkimos Plumbing and Gas in 2013 with the vision of creating the best plumbing and gas business in Perth. Martin's unwavering commitment to safety ensures the company maintains the highest standards in all operations. He is dedicated to empowering his team through ongoing training and support, fostering their professional growth. Exceptional customer service is at the heart of Martin's approach, as he strives to build lasting relationships and consistently exceed customer expectations.
His focus on innovation and continuous improvement sets Alkimos Plumbing and Gas apart in the industry. Married with three kids, Martin enjoys CrossFit and beach activities in his spare time.

Our Mission

At Alkimos Plumbing and Gas, our mission is to deliver superior services in Perth by prioritising safety, empowering our team, and providing exceptional customer service. We are committed to innovation and continuous improvement to exceed customer expectations and build lasting relationships

What Our Clients Are Saying

I have used Alkimos Plumbing and Gas for a few years now. They are exactly the team you need in your corner!

Their office staff go above and beyond to assist me on almost a daily with all my plumbing and gas work. They are friendly and knowledgeable; they ensure urgent work is met with priority and resolved within 24 hours and they keep me well informed with multiple emails regarding the status of where the work is up to or a quick phone call.

The guys on the ground are exceptional in their standard of work, reliable and offer complimentary health checks on all areas of a property's plumbing and gas, so every time I know I'll be well informed.
They are affordable, and they service both North and South of the river, so no job is turned away. I am extremely grateful I can rely on this team and every time they come through for me!

– Shannon – Property Manager
